Remove the Thrive builder code and set up the pages (visually within the new theme) under the Siteorigin Pagebuilder software.

I will be rebuilding your site's menus and the twenty active pages. There's a wide range in time that this can take.

If everything works easily, that should be about 12 hours, resulting in a charge of \$1500. At the other extreme end, each page could be difficult and that would result in closer to 22 hours with a charge of \$2750. From my experience it's more likely to take about 16-18 hours. If that's the case it will be about \$2000 - \$2250.

One huge advantage to this is that it will also make RIHumanities.org mobile responsive.

Subtotal: \$ 2,500.00
