- PJ's mouse pad is not working again				
- I would like to move the desk and things out Mark's office so I will need you to move that machine into the server room?				
- Nicole may bring her own computer, if she does I still need the other one to work and I will need her connected to the servers development and Ispn.				
- Mikey and Sath on the third floor need their computers hooked up to the printer and to a new server folder named Data and Evaluation. Then all the directors will need access to that as well.
